(Explora

Helping students *engage*, *explore* and *excel*

Teachers: Did you know that our school library offers a fun, easy-to-use tool that contains primary source documents, informational texts and multimedia content to support student research and classroom instruction? Using Explora, a research experience from EBSCO, both you and your students will discover reliable information on thousands of topics across a wide range of subjects.

What your *students* can do with Explora:

- Search for articles, e-books, news, videos and more using a single search box

- Browse popular topics by category to get research ideas

- Read Topic Overviews to gain the background information they need to start their research

- Hear HTML and PDF articles read aloud with EBSCO's Text-to-Speech feature
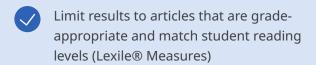

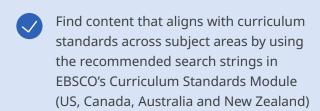

- Save articles to Google Drive, Microsoft OneDrive or password protected-personal folders right in Explora

- Use EBSCO's citation tool to properly format citations (MLA, APA, etc.)

Need help getting started? Ask a librarian.

What *you* can do with Explora:

- Limit results to articles that are grade-appropriate and match student reading levels (Lexile® Measures)

- Find content that aligns with curriculum standards across subject areas by using the recommended search strings in EBSCO's Curriculum Standards Module (US, Canada, Australia and New Zealand)

- Search for content and embed links to full text in online course modules, all from within your school's learning management system (Schoology, Canvas, Blackboard, Moodle and Desire2Learn)

- Share content with students via Google Classroom
